

May Seize Packing Industry

U.S. Government Renewing Attempts to End Strike

WASHINGTON, Jan. 22.—(AP)—The United States government, unsuccessful in efforts within the last week to end strikes which added a payroll of nearly 500,000 workers to the national toll, today renewed attempts to bring an end to the work stoppage in the country's meat industry.

Preparations for government seizure of the industry were reported well advanced. In Chicago a federal injunction was planned to open hearings on the wage dispute involving 300,000 American Federation of Labor and CIO workers who remained idle for the seventh day.

Although one government official said federal seizure of the meat packing industry was unavoidable, it was reported the administration planned to offer some last-minute new price increases to avoid taking over the struck plants.

Government officials held a series of strike strategy conferences yesterday as the biggest strike, the walkout of 750,000 CIO steelworkers, closing nearly 1,300 plants, was getting under way. Further meetings were scheduled today and it was reported that settlement of the meat strike held No. 1 priority.

Continue Search For Missing Plane

Search was continuing Tuesday for the RCAF Dakota plane, missing for more than two days when it left from the base at Lethbridge. There are seven men in the crew aboard the missing aircraft.

But weather hampered the aerial search for the twin-engine transport Monday, Group Capt. W. H. Patricake, APC, chief of staff at Lethbridge, said.

Three aircraft from Northwest Air Command are searching the Western Air Command, and the RCAF plane was also in the search. The three planes are under the command of Lt. L. B. Patricake.

A para-rescue team of three from Northwest Air Command is also participating in the search.

The missing plane was last heard from in the Canadian Rockies and the hunt for the aircraft is being concentrated on a 200-mile radius around the last sighting.

The ultimatum gave the four men until 4 p.m. Tuesday to surrender or be attacked by government troops.

Meanwhile the KKK, political bureau of the Left Wing EAM party issued a statement accusing Britain of responsibility for "Monarchist fascist terrorism in Greece" by directly or indirectly supplying weapons to fight King elements.

The announcement was made to the people to proclaim a general strike and take up arms.

Hostages Killed In Greek Village

ATHENS, Jan. 22.—(AP)—Fourteen hostages have been killed by Greek guerrillas in a village in the mountains of Greece, it was announced today by the Greek government.

The ultimatum gave the four men until 4 p.m. Tuesday to surrender or be attacked by government troops.

Meanwhile the KKK, political bureau of the Left Wing EAM party issued a statement accusing Britain of responsibility for "Monarchist fascist terrorism in Greece" by directly or indirectly supplying weapons to fight King elements.

For Municipalities

Definite Government Policy Of Financial Aid Is Urged

Establishment of some "definite policy" by Dominion and provincial governments of financial assistance to municipalities desiring to construct recreational centres, was strongly urged at a meeting Monday at the Civic Block of mayors and representatives of municipalities throughout Alberta.

MORE THAN 25 municipalities were represented at the meeting which was presided over by Mayor Harry Ainlay. He had issued a call to all municipalities to attend the meeting. Mr. Ainlay said that the federal government was prepared to assist in the creation of recreational centres in municipal centres.

The resolution asking for the setting of a definite policy by the federal government and the provinces was passed "even if the actual cost be done."

Farmers Want Equity, Security For Agriculture

LONDON, Ont., Jan. 22.—(CP)—Canadian farmers are facing the future with some apprehension and are anxious for the development of national and international policies which will ensure equity and security for agriculture, H. H. Hannan, president of the Canadian Federation of Agriculture, said today.

MR. HANNAN reviewed the position of Canadian farmers on both a domestic and world basis in an address at the federation's annual convention here.

"The farmer's position in a properly planned national economy is one of the most important," he said. "He feels that even within the present year fundamental changes in policy are almost certain to be made. He is definitely worried about the future of his industry."

For the farmer the wartime agricultural program continues almost intact, but it is undergoing a change.

A subsidy program had been established with a view to being essential to price ceilings.

"THEY FEARED it was an unwise policy at the time," he continued. Today they are more afraid of the future than they are of the past. They feel they have not had a satisfactory explanation as to why their prices are to be restored to a fair exchange position in the light of the things they have to buy."

It was not sufficiently recognized that without subsidies butter would cost eight cents a pound, continued on Page 3, Col. 4

Chicago Student Taken In Custody In Child's Killing

TOLLEDO, O., Jan. 22.—(AP)—A 21-year-old Chicagoan had been taken into custody in connection with the slaying of a 12-year-old girl, it was announced today by the Chicago police.

The ultimatum gave the four men until 4 p.m. Tuesday to surrender or be attacked by government troops.

Meanwhile the KKK, political bureau of the Left Wing EAM party issued a statement accusing Britain of responsibility for "Monarchist fascist terrorism in Greece" by directly or indirectly supplying weapons to fight King elements.

Policy of Great Britain In Greece, Java Rapped

LONDON, Jan. 22.—(BUP)—Russia's No. 2 foreign policy expert, Andrei Vishinsky, argued today a Soviet charge before the UNO that the presence of British troops in Greece and Indonesia threatened the peace of the world.

British government leaders and the American delegation to the UNO assembly met early today to discuss the organization's first case of one big power accusing another of conduct violating the spirit, if not the letter, of the San Francisco charter.

The British position was said to be that the government had nothing to fear from UNO examination of its policy in Greece and Indonesia. At least some British officials were said to feel that an investigation might dispel misunderstanding about British motives in both places.

VISHINSKY, RUSSIAN vice foreign commissar and head of the Soviet delegation to London, insisted at Tuesday's session, however, after a fight from Berlin, he was speaking to extend the early sessions of the UNO meeting because of business in the Balkans and Moscow.

Russia and the Soviet Union last night attacked the UNO council to investigate and act on what they described as threats to peace arising from the new wave of British troops in Greece and Indonesia. Russia specifically accused Britain of "aggression" in Greece, internal affairs—the identical charge in the case of Indonesia. UNO before the UNO in Jan. 1946.

Said 3-Party Choice Socialist Felix Gouin To Head French Govt.

By JOSEPH W. GRIGG, JR.
Exclusive to The Edmonton Bulletin

PARIS, Jan. 22.—(BUP)—Felix Gouin, Socialist president of the constituent assembly, was reported today to have received and accepted a bid by France's three main parties to head a new government succeeding that of Gen. Charles de Gaulle.

UNOFFICIAL but responsible sources said the Communist, Socialists and Popular Republicans had agreed to nominate Gouin, 67, to head the new government. They are in an attempt to find a compromise candidate acceptable to the big three parties.

The formal nomination of a new chief of government was expected to be made by the assembly tomorrow when the assembly met.

Kaiser, Fraser Models Shown To N. Y. Crowds

NEW YORK, Jan. 22.—(CP)—Thousands of persons inspected the new Kaiser and Fraser automobiles—newest entrants in the low and medium-priced car fields—during their initial public showings.

Put on display were hand-built models of the front-wheel-drive Kaiser, designed to sell at \$1,100, and the 100-horsepower Fraser, expected to have a price tag of about \$1,200.

The cars are scheduled to go on sale in New York City in the latter part of the month. The Kaiser is a former bomber pilot at Willow Run, near Ypsilanti, Mich. They are designed to be "easy to drive" and "easy to maintain," said the Kaiser's chairman and president respectively, of the newly-formed Kaiser-Frazer corporation.

Both cars are six-cylinder models. The Kaiser will be produced in Canada when a plant is established there.

Soviets Turn Over Romania Prisoners

BUCHAREST, Jan. 22.—(AP)—Unconfirmed reports current here tonight said the Russians had flown 11 high-ranking Romanians accused of collaboration with the Germans to Soviet prisons. The rumors said Marshal Ion Antonescu, Romanian dictator who was deposed by King Michael, was among the prisoners.

American Sailors Beaten by Chinese

SHANGHAI, Jan. 22.—(AP)—Several American sailors were beaten by Chinese sailors today during a dispute over a Chinese ship. The sailors in a navy truck loaded with supplies were trying to get into a side street from the Bund. Witnesses said the Chinese swarmed over the truck, beating several sailors. None of the sailors were injured seriously.

More Financial Aid Is Urged For Education

Strongly critical of Alberta's deteriorated position in the field of education, a lengthy brief setting out recommendations and observations, chiefly urging increased Dominion and Provincial financial assistance, Tuesday morning was under consideration of 14 organizations representing a cross section of the province when they met in conference at the Atlantic Temple.

A. J. H. Powell summarized the brief.

THE ALBERTA SCHOOL TEACHERS' Association and the Alberta Teachers' Federation are joint sponsors of the conference, and the results of the deliberations will be submitted in the form of a resolution to the Provincial cabinet on Wednesday.

The delegation selected by chairman Harry Spencer, president of the ATA, will be composed of John Barrett, general secretary of the ATA; R. Hanning, Fort Saskatchewan, representing the United Farmers of Alberta; C. P. Hayes, Brumby, vice-president, Alberta Association of Municipal Districts; Mrs. E. K. Morton, Vegreville, provincial president, Women's Institute; and Mrs. J. H. Hanning, vice-president, ATA.

HIGH POINTS PRESENTED by the brief emphasized that 500 schools of the province were not operating, that the teacher shortage was chiefly due to inadequate salaries, that teacher qualifications had been reduced as a consequence of the educational period for teachers lasted only one year and that immediate steps to improve Alberta's educational standards were imperative.

It noted that under the British North America Act education was a provincial matter, and that the federal government had largely been inoperative on other bodies by legislation. For many years important organizations have recorded their desire to have the government assume 50 per cent of the cost of education.

While the Alberta government had made many appreciated efforts toward improvement, the brief stated, sharing only 25 per cent of the cost burden.

IN CONTRAST the tentative brief showed that Ontario assumed 40 per cent of the cost of education, Saskatchewan 35 per cent, and Manitoba 30 per cent, considering assumption of 50 per cent of education.

In Alberta, the government controls teacher training, curriculum, school buildings and inspection among other things. But the bulk of the costs, says the brief, is borne by uncertain returns from restricted local taxation. Meanwhile 40,000 Alberta children are prevented whatever schooling is afforded through correspondence due to the lack of teachers for 500 schools.

BESIDES THOSE ALREADY mentioned other bodies attending the conference which ended tonight were: Adult Education Association, Home and School Association, United Farm Women of Alberta, Alberta Farmers Union, Alberta Federation of Agriculture, Alberta Board of Trade, Alberta Federation of Labor, Imperial Order Daughters of the Empire.

Alberta Officials To Visit Calgary

R. M. Putnam, director of extension at the provincial department of agriculture, along with H. J. Nether, wheat crop superintendent, and B. T. Stephenson, agricultural engineer, are leaving for Calgary Wednesday night to assist at the two-day agricultural short course here.

O. S. Longman, deputy minister, will follow them Friday.

Chin Whiskers, Side Burns

Chin whiskers and side burns will be back in style unless some 750,000 steel workers in the United States decide to end their strike and soon.

TO FASHION-SENSITIVE Edmonton males, who take pride in their clean-shaven faces, the prospect of a "side burn" or "chin whisker" is a prospect that is not very attractive. The steel strike in the United States is expected to end soon, and with it the return of the "side burn" and "chin whisker" to fashion.

WHILE NEVER RATIONED to the customer, safety razor blades have been a major of this through the war.

"We have been on a quota basis each month from wholesale for several years," one distributor explained.

He admitted that a rush on the blade supply would cause them to disappear very fast.

"IF THE STRIKE is settled within a week we will likely suffer no shortage but if it goes longer the situation will be 'very grim'," the distributor said.

Many other items in constant demand will be affected if the steel strike lasts.

Canistas are expected to feel the brunt of the strike soon although importation of cameras from the United States has helped to solve the problem to some extent, it was stated.

Montreal Bookies All Close Doors

MONTREAL, Jan. 22.—(CP)—The Montreal Gazette says today in a newspaper item that every bookie establishment in Montreal was closed yesterday in a "concerted voluntary action" on the part of the operators resulting from fear of more severe police and court action.

As a result, the bookies, there were no arguments on gambling charges in recorder's court. The Gazette adds: "When questioned, Capt. Arthur Thatcher of the city police morally declared that he had no interest in the matter regarding and possibly the bookies had no interest in the more severe penalties, and he also disclaimed any knowledge of the reason for the closing of the places."

U.S. Strikes Interlude in Moscow Conference

only two instances of violence, both in Cincinnati were reported.

Yesterday's life because of labor disputes jumped nearly 80,000 bringing the total number of United States workers away from their jobs to 1,627,000—the highest since shortly after the end of the First Great War. In addition to the 750,000 steelworkers, other walkouts included 20,000 CIO United Farm Equipment Workers in 10 International Harvester Company plants and 5,000 CIO metal mills and Smelter workers in Utah.

IN DETROIT, the wage demands which precipitated the strike of the 75,000 workers in the Ford plants two months ago was back to 38-per-cent increases.

The CIO United Auto Workers had set last midnight as a deadline for acceptance by the corporation of a compromise proposal of a 19½-cent an-hour wage hike as recommended by a fact-finding board. The deadline passed without comment from General Motors.

Elsewhere in Detroit, the union held further wage negotiations with the United Motors Company and planned to resume discussions with Chrysler Corporation tomorrow.

Labor department officials planned a meeting today in an attempt to bring the strike to a halt. The union's largest strike, the CIO electrical workers' strike of 200,000, was expected to end soon.

German Looting Of Europe Told

NUERNBERG, Jan. 22.—(BUP)—French prosecutor Henri Delpech said today that the German high command sent pillaging forces into occupied countries, and that the looting was as systematic as the war itself.

Delpech said the teams were known as "economic detachments" and were made up of reserve officers who in civilian life were engineers, chemists and whole salers.

IT WAS ANNOUNCED last week that the German high command sent pillaging forces into occupied countries, and that the looting was as systematic as the war itself.

U.S. Navy Reveals New Torpedo Plane

WASHINGTON, Jan. 22.—(AP)—The United States Navy last night disclosed a new and more powerful combination drive and torpedo bomber to go with its super-carriers.

With a maximum range of more than 1,700 miles, the announced plane is designed to fly vertically at more than 300 miles an hour and plaster its target with 4,000 pounds of bombs or rockets, or a torpedo and nearly 2,000 pounds of incendiary bombs.

DESIGNATED the BT-Mauler, the new craft was designed and built by the Glenn L. Martin Company of Baltimore specially for the big new carriers.

In level flight, the Navy said the Mauler has a speed of more than 300 miles an hour.

The Mauler is driven by what the Navy called the world's largest aircraft engine, a 17,500-hp Pratt & Whitney Major with a military rating of 3,000 horsepower.

It is estimated there are from three to six million less flyers in the United States.

Wheat Seen Better Doubts if Export Demand For Meat Will Continue

NIAGARA FALLS, Ont., Jan. 22.—(CP)—J. G. Taggart, chairman of the Agricultural Prices Support Board, said today he was inclined to doubt whether the present export demand for Canadian meat would continue in the post-war period.

IN AN ADDRESS before the annual meeting of the National Dairy Council of Canada, Mr. Taggart said:

"It is quite possible that British and European people will be better able and more willing to buy meat from Canada than they have been in the past. But it is not certain that they will buy as much as they did in the past."

Mr. Taggart, director of marketing for the agriculture department, outlined the functions of the National Dairy Council of Canada, which was organized to promote the production and sale of Canadian dairy products.

He said the council was organized to promote the production and sale of Canadian dairy products.

Soviet Charge

(Continued from Page 1)

saying that British troops were in Greece "with the complete consent of the Greek government and in full collaboration with it to re-establish order." He said the Soviet representative to the U.N. "in any case has no relation to the new situation in Greece, but belongs to the sphere of more general questions which concern the Big Allies."

Responsible quarters said the British government would avoid any move which might be interpreted to mean that Britain was seeking to prevent the security council from discussing the Soviet charges.

BRITISH SOURCES said they believed Britain had a "very good case" in both Greece and Indonesia, and that Britain had "nothing to hide." If the security council wants to discuss the charges, informants said, the British will place no obstacles in its way.

Many U.N.O. officials reacted with observations to the effect that "it is this what we have created the U.N. and security council for."

Organizational work of the assembly proceeded, and the fact that it was overshadowed by the political situation.

N. J. O. Makin, Australian delegate, put in the record a protest against the big three atomic energy resolution adopted yesterday. He protested against its being unanswerable only to the security council and not to the assembly.

Makin, first president of the security council, reiterated a pledge that Australia would champion the rights of the little nations.

THE UNITED STATES vigorously opposed in the assembly's economic and finance committee of British resolution on U.N. rights.

The Americans felt that the resolution might invite establishment of the UNRRA as a permanent relief body. They want the organization to complete its work scheduled by the end of this year in Europe and by March, 1947 in the Far East.

Prime Minister Clement Attlee and Foreign Minister Ernest Bevin met hastily after midnight for a long talk. Plans were made for a four cabinet meeting.

One British official described the Russian move as retaliation "on a schoolboy level" to the request that the security council investigate Russian actions in Iran.

HE EXPRESSED DOUBT whether the Soviet Union could obtain the required majority of any seven U.N. council members to add the Greek and Indonesian issues to its agenda.

The Soviet notes were the first open charges laid by one of the big five powers against another during the U.N. assembly meeting.

They came at the end of a bitter economic debate between the British and the Americans over admission of the Soviet Federation of Trade Unions into the U.N.O.

Russia's attack on Britain clearly was a sequel to the request for a security council consideration of the Soviet-Iranian dispute.

Whether the Russians regarded their notes as only a tactical ruse to push the matter to a strenuous security council debate was not clear.

THE SOVIET RUSSIAN NOTE, signed by Andrei Gromyko, said the presence of Soviet troops in Greece long after the war ended has created "great tension which is fraught with grave consequences."

Gromyko accused the British forces of interfering in Greek internal affairs. This charge paralleled that made by France against the Red Army.

ATHENS, Jan. 22.—(AP)—Premier Themistoklis Sophoulis said today "British military forces are in violation with the full agreement of the Greek government and in earnest collaboration with it in maintaining order."

LONDON, Jan. 22.—(CP)—Prime Minister Attlee, answering Soviet charges before the United Nations Assembly today, told the House of Commons that Britain aims only at "an amicable settlement" between the Dutch government and Indonesian Nationalists in Java.

Mr. Attlee said if any "further movement" was required it would have to come from Foreign Secretary Bevin.

"Welcome Home" Dinner Planned At Knox Church

The congregation of Knox United Church of Christ will hold a "welcome home" dinner for about 150 returned service personnel listed in the membership of the church, Wednesday evening, the Rev. Elgin G. Turnbull announced Tuesday.

Alex McDonald will preside at a program to follow the dinner, presented at the head table will include Mayor Harry Ainlay, the Rev. Dr. D. Davies, the Rev. James Cox and neighboring ministers.

At one stage of the war, there were 400 members of the Knox Church honor roll, Mr. Turnbull said.

Accused Acquitted: Faces 2nd Charge

John Pelichay, Edmonton, was found not guilty in supreme court Tuesday by Mr. Justice Clifton Ford on a charge of stealing four rolls of silver wire, the property of Steve Cochrane.

Immediately following the decision in this case the accused was placed on trial on a charge of stealing a watch, necktie, \$10 in currency, and a pocket knife, the property of William Condon, 404 10th Street.

The hearing was proceeding at the noon adjournment.

Municipalities Accused Admits Hannam Speech

(Continued from Page 1)

struction must be delayed until materials and manpower are available.

A FIVE-MAN COMMITTEE was appointed to co-ordinate and present to the senior governments representations on behalf of the municipalities. The committee consists of Mayor Ainlay, V. A. Newhall, Calgary city commissioner, R. S. Gillespie, Red Deer; A. G. Swinburn, Macleod, and William Gardner, Camrose.

Many of the delegates indicated that many of the proposed recreational centres were "living war memorials," and that the raising of funds for their construction would be much easier now than at a later date.

Mayor Ainlay and Commissioner Newhall said it was difficult to outline a program for Edmonton and Calgary when it was not known how much money would be available from senior governments.

Major Ainlay added that the situation might arise whereby three or four large centres would use the grant given the province, and therefore he was unable to estimate the expenditure in Edmonton until more definite information was received from the federal government.

McGUIRE, recreation supervisor for Edmonton, told the meeting it would take approximately \$500,000 to establish adequate playground facilities in Edmonton. He said this would be a temporary development plan. It was the general opinion of the meeting that municipalities were prepared to raise from 50 to 60 per cent of the money required for proposed projects.

Some of the projects contemplated include a \$200,000 memorial auditorium, gymnasium, library and skating rink for Drumheller; swimming pool, auditorium and other recreational facilities at Red Deer; the cost of which would be \$60,000; a recreation plan for the skating and curling rink, and the erection of a gymnasium costing approximately \$400,000 are contemplated at Claresholm.

THE LETHBRIDGE representative intimated that a five to seven year plan had been proposed for that city at a cost of approximately \$1,000,000, of which \$350,000 would be spent on recreational facilities. He said that a donation of \$100,000 was being made by the brewery toward the development.

The town of Camrose has a five-year plan for the construction of a swimming pool, sports ground and new ice buildings, including a library and police station. The estimated cost of these undertakings is set at \$200,000.

MAJORITY OF the municipalities' representatives told of plans for arenas, auditoriums, libraries, swimming pools, the cost of which ranged from \$50,000 to \$600,000.

Hon. J. A. Hooker, provincial minister of economic affairs, who was guest at the meeting, congratulated Mayor Ainlay on calling it.

He urged the meeting to pass a resolution asking the federal government to re-nest the Municipal Assistance Improvement Act to enable municipalities to borrow money for their proposed schemes at a 4 per cent interest rate.

Representatives at the meeting were from Calgary, Lethbridge, Drumheller, Hinton, Grande Prairie, Camrose, Ponoka, Magrath, Lacombe, Red Deer, Olds, Wetaskiwin, Didsbury.

DELEGATES to the meeting also passed a resolution "that they in actual construction of proposed recreational centres should not be based on the necessity of

Theft of Cash

(Continued from Page 1)

John D. Blake, Edmonton, pleaded guilty to theft and uttering a forged cheque in supreme court Tuesday and was remanded until March 25 for sentence by Mr. Justice Clifton J. Ford.

Following the guilty plea Crown Prosecutor Guy Patterson, K.C., told the court that the accused had cashed a \$65.43 cheque at a city department store. He represented that the cheque was given in payment of wages by Fred Y. West, farmer, when in effect the cheque was stolen from the West home.

THE THEFT CHARGE against the accused involved the stealing of \$110 from a cash register at a restaurant and a grocery store. The cashier at the grocery store, who was on duty when the theft took place, checked and found the till short \$110.

He recalled the accused had been in the garage a short time previously, and looked in neighboring restaurants for him. He located him in a Jasper avenue cafe and informed the police, who subsequently took the accused into custody.

McGUIRE, recreation supervisor for Edmonton, told the meeting it would take approximately \$500,000 to establish adequate playground facilities in Edmonton. He said this would be a temporary development plan. It was the general opinion of the meeting that municipalities were prepared to raise from 50 to 60 per cent of the money required for proposed projects.

Some of the projects contemplated include a \$200,000 memorial auditorium, gymnasium, library and skating rink for Drumheller; swimming pool, auditorium and other recreational facilities at Red Deer; the cost of which would be \$60,000; a recreation plan for the skating and curling rink, and the erection of a gymnasium costing approximately \$400,000 are contemplated at Claresholm.

Short Work Day Solution For Unemployment

REGINA, Jan. 22.—(CP)—Perry R. Boughner, president of the Trades and Labor Congress of Canada, said in an interview yesterday that the logical solution to the rising tide of unemployment in Canada was reduction of working hours but without reduced pay.

THE LABOR LEADER, who is on a tour of the west, said Canada has made labor-saving, technical improvements in the last four years which quarterly would have created 25 years and to cope with this technical advance working hours in the country should be reduced to provide more jobs.

He saw no great danger of inflation, advocated scarce materials be used at home before consideration was given export trade, and said the west needed more manufacturing, especially light industries.

HE BELIEVED the Dominion government would have to start construction of a number of public works across Canada to help cope with the unemployment situation and action should be taken now. When he completed his western tour he expected to make a number of recommendations to the government.

Referring to the need for more manufacturing for the west, he said when any successful manufacturing floor prices for agricultural products would be placed high enough to equal present prices plus subsidies, and if they were placed at that height whether such a policy could be successfully administered.

"If the fund of \$200,000 which has been voted to carry out the provisions of the Agricultural Prices Board Act is used largely to provide supplementary payments to farmers—even as some think the amount is inadequate—does it not run the risk of launching agriculture on a permanently subsidized basis?" Mr. Hannam asked.

The president said the federation law better chance of success in the adoption for farm produce of the policy now applied to wheat, establishing a five-cent floor price with higher initial payment guaranteed for the current year.

THE CANCELLING of subsidies would increase basic farm prices by a corresponding margin, would be an injustice to food producers," he said. "It would mean the deliberate resort to a job-paid economy and under the prevailing price purchasing power as to render futile all hopes for full employment."

THE GOVERNMENT had failed to act on a recommendation made by the Federation last year for an early announcement on food price policy. Now it was more urgently needed than ever and serious difficulties and economic upsets were not far distant unless adjustment was made to put agriculture on a sound peacetime basis.

Conferees in the past year had indicated farmers of all nations wanted security in price and in cut-throat competition. Abundant production on a well-organized basis, stability of price, international trade and international co-operation.

Ott Says Cooper

Many Extra Wins

NEW YORK, Jan. 22.—(AP)—Mel Ott, looking chipper as a role model, approached his 21st campaign as an active big leaguer, faced a room bulging with the press yesterday and expressed the opinion that Walker Cooper, his new \$175,000 catcher, might be worth an additional 15 or 20 victories to New York Giants this season.

"A player like Cooper," he said, "you've got to figure will be worth as much to us as Bill Dickey was to the Yankees. He's got a strong arm and catch, but he knows how to handle pitchers. He knows what's going on. He can make a difference of 15 or 20 games in our pitching staff."

Ott, in addition to training some 60 players in the Giants' camp at

Frozen to Death
HARRISTON, Ont., Jan. 22.—(CP)—Mrs. Lester Noble, 32, was frozen to death within sight of her farm home Saturday after the automobile in which she was returning alone from a shopping trip to Harriston went into a ditch and she attempted to walk the remaining two miles in sub-zero weather. The body was found by neighbors along a roadway leading to the farm.

Few Private Bills Likely For Session

Session of the legislative assembly which opens Feb. 14, will not be heavy in private bills unless more are filed between now and the closing day, Feb. 4.

FOUR HAVE BEEN FILED at the office of the clerk of the assembly, R. A. Anderson. They are a bill to effect amendments to the bridge city charter, a bill to extend gas services of Northwest Utilities Limited, and one to amend the charter of the Sisters of Charity, who seek authority to raise money on debentures and bonds, as well as on mortgages and promissory notes as already permitted by the charter.

Northwestern Utilities ask, by charter amendments, confirmation of agreements with the cities of St. Mary and Wetaskiwin, and the towns of Cranston, Laocomb and Ponoka granting special gas franchises for 20 years, with the right of renewal for 10-year periods. The corporation, under the

Edmonton stands fifth among Canadian cities in the amount of money paid out to veterans in the form of monthly allowances, a compilation of December's statistics, made in Ottawa shows. J. W. Proctor, district administrator department of veterans' affairs said Monday.

For that month, 2,378 returned men in Edmonton received payments of \$10,800 in unemployment benefits, training and scholastic allowances and while awaiting returns from businesses or farms. This city's record is only bettered by Montreal, Vancouver, Winnipeg and Toronto.

proposed amendment, agrees to pay the municipalities concerned five per cent of gross receipts.

BESIDES THE APPLICATION already filed by the City of Lethbridge, applications will be filed for amendments to Edmonton and Calgary charters between now and the closing day.

Mountain Named For "Ike"

Mount Eisenhower is the new name given this peak in the Canadian Rockies between Banff and Lake Louise in Alberta, to honor general of the army, Dwight D. Eisenhower, formerly supreme commander of the Allied armies in Europe and now chief-of-staff of the United States Army. The announcement changing the name from Castle Mountain was made by Prime Minister Mackenzie King on Jan. 10 at a Canadian Club luncheon in Ottawa where the famous American soldier was guest speaker. Resemblance to a giant medieval keep gave the first name to the eight-mile long mountain whose highest point towers 9,350 feet above sea level. Formations easily identified as turrets, battlements and battlements rise over 4,000 feet from the valley floor. Back in the eighties there was a short-lived mining camp at the base of the mountain while during the First Great War a large internment camp was there.

First Meeting Clubs For Blind Scheduled Soon

First joint meeting of the Edmonton Club of the Blind and the Calgary Blind Club is slated to be held early next month in Edmonton with the object of selecting a council to oversee affairs of both organizations and other provincial clubs, according to an announcement Monday by H. A. Lacey, Edmonton president.

THE MEETING will draw up suggestions for ways and means of making conditions better for blind persons. There are about 60 members in a four-page membership newspaper, a housing committee, a visiting committee and a recreation committee.

Activities of the Edmonton club have been emphasized the regular monthly meeting, an active social committee which stages a monthly party, a literary committee which leads discussion groups and publishes a four-page membership newspaper, a housing committee, a visiting committee and a recreation committee.

ONE OF THE difficulties facing the group at present, according to Mr. Lacey, is lack of a full-time permanent headquarters. Members are engaged in seeking space in which to establish such a club.

Mr. Lacey, with Alex Gemmell, secretary, were delegates to a conference at London, Ont., called by similar organizations from other parts of Canada, when an inter-provincial committee was formed. Mr. Lacey was named director of that council, at the time. The council operates with the financial backing of the Canadian Institute for the Blind and is designed to co-ordinate the work of blind Canadians across the country, giving them a collective voice in affairs pertaining to them.

University Mixed Chorus Scores Triumph in Second Annual Concert

Unfolding a program charged with excitement and variety, the University Mixed Chorus appeared in McDougall United church on Monday night for its second annual concert. The performance will be repeated tonight.

"FORMED LAST YEAR the chorus embarked on its career with unusual enthusiasm and made a favorable and profound impression at its first concert in Convocation hall. This year, appealing to the student body and adherents, the chorus came across the river who central a point as possible. It is likely McDougall church will be the venue of many future concerts, for so long as the enthusiasm displayed on Monday maintained, there will be widespread appreciation by Edmonton residents."

THERE WAS MUCH fine singing, but what impressed most was that the event took place at all. Here were more than 100 young men and women attending university who chose to band together to sing. Attractive as is the task, shop, they don't want to spend all their spare time at the coffee bar. Rousing and performing Jamaican dances are popularly supposed to be major ambitions of modern students, but the chorus members, rather than getting on the beam of the spotlight, are content to sing.

AT THE PIANO was Kay Sheehy, talented and helpful, whose accompaniment was just what was required. The program included To How a Rose Tree Blooming, Prætorius, Come Again, Sweet Love, Dowland, Ah, Medlow, Medlow, a Czech song, Beautiful Saviour, Christalene, The Lass With a Delicate Air, Anne, How Lovely is Thy Dwelling, Brimley, White Birch in the Rain, Prayer, Noyse, Three Chinese Poems, Lawrence, Northern Lights, Palmer, Lost in the Night, Christensen, German Folk Song, Joyous Christmas Song, Gervais, Sing First I Saw Your Face, Ford, and Roll Chariot, Cain.

TAKING SOLD PARTS in various numbers were A. O. Olson, Gwyneth Cole and Mabel M. Powell. Assisting in How Lovely is Thy Dwelling Place were the following members: first violin, J. Buehler; second violin, M. Worswick; viola, G. Miller; cello, H. D. Smith; flute, E. Lipsett; J. O.

MEMBERS OF THE Harrogate Victory branch of the British Legion, in a letter have expressed the desire to keep alive the memory of their fallen Canadian comrades by erecting a memorial to them on Christmas Day or some other chosen anniversary, a floral tribute in the name of "some dear one" in Canada.

"I SHOULD like to make it clear that our intention is to make this an individual act of remembrance, such as would be carried out in your own homeland, on a date chosen by the next of kin or the latter states. "In each case the flowers will be personally taken to the grave either by a member of the Legion or a citizen of this town."

Next-of-kin in Canada are being contacted by the Harrogate Legion to ascertain which date they feel most suitable for placing of the tributes. Information sent by the chairman indicates the graves and grounds are being well-cared for by German prisoners under guard and that the temporary white wooden crosses will be presently replaced by permanent headstones.

Colds are said to cost Great Britain \$300,000 annually in working time.

Completing Suites For 24 Families

Work will be completed and families will be housed in four of the redwood buildings on the Jesuit College grounds by Wednesday of this week. A. Arnold, district head of the National Housing Act, said Monday.

Carpenters and other workmen who had been employed on the redwood buildings of the suite completed are now doing similar work on the new buildings. The National Housing Act Unit 10 which is being altered to accommodate members of the hospital staff who are or will be associated with the work carried out with veterans and Indians who are admitted to the hospital.

IN RECENT YEARS and even before the war, there was a notable retrogression in the phase of the work. The National Housing Act Unit 10 which is being altered to accommodate members of the hospital staff who are or will be associated with the work carried out with veterans and Indians who are admitted to the hospital.

Col. Wotherspoon To Greet Veterans

Ex-soldiers who once served with the South Alberta Regiment, which returned to Calgary at the end of last week, will be met in Edmonton by Lt.-Col. Gordon Wotherspoon, M.L.A., on Tuesday and Wednesday at the hotel, according to information received Monday.

Col. Wotherspoon and Mrs. Wotherspoon, who her husband in Calgary, though their home is in Toronto, will be staying at the Macdonald hotel while in the city and will be feted by officers of the regiment, who now live in this city.

The popular commanding officer was in command of a brigade when the announcement came that he was to be transferred to Canada, but so arranged things that he was returned to Canada and travelled to Calgary with his former unit.

What do you think of the Whitehorse stunt of sending mail from that northern point to Winnipeg by dog-mail?

ARTHUR W. HILL, prospector: Well, it's a good advertising stunt, and I suppose it demonstrates what dogs and men can do when they try hard—but it won't surprise anyone who knows the north.

J. C. PAULSON, farmer: The huskies have made good time, so both men and dogs must be good shape. I notice though that they are followed by a truck.

ERIC HARDY, grocery clerk: While I don't suppose it will be adopted by the post office as the regular way to carry mail, it is a very picturesque thing to do and should result in some fancy advertising for the north country.

Three Are Injured In Traffic Mishap

In Traffic Mishap

Three persons suffered minor injuries in a traffic accident Monday night at the intersection of 127 street and the St. Albert trail. Taken to the Royal Alexandra hospital for medical attention were Ronald Hayward, 1012 Jasper avenue, and Mrs. D. Clark of Fairview, passenger in Hayward's car.

THE ACCIDENT IS SAID to have occurred when Hayward's car crashed into a truck driven by Edward G. Constable, who was turning off 127 street onto the St. Albert trail. The car, said by police to have been travelling at a fast rate of speed, struck the front of the truck and then the box and rear wheels.

Mrs. Clark suffered a twisted shoulder and shock, while her husband received a cut on the nose. They were taken to hospital by a passing motorist. Hayward was taken to hospital by police. He suffered bruises and shock.

1,433-Mile Trip Yukon-to-Winnipeg Dog Team Arrives in Edmonton Monday

The attention which their expedition has centred on "the Great Northwest" Monday afternoon brought congratulations from the province of Alberta, voiced by the Hon. C. E. Gerhart, minister of trade and industry, when he welcomed the Whitehorse to Winnipeg dog team on its arrival in Edmonton shortly before dusk.

AT AN INTERESTED gathering at the Ortona Ski Village hotel, Mr. Gerhart told the four-man crew which is taking a dog sleigh drawn by a team of huskies half the distance from the Yukon to the Dominion that "the benefits in publicity by bringing to Whitehorse the one-time trail team from north to south." He reminded his listeners that Albertans were conscious of the north country as they have never been before.

C. C. Campbell, provincial director of publicity and tourism, said that information regarding the north country was one of the biggest requirements of his office. He said that the team's travel possibilities in the Alaska Highway, together with other features of the one-time trail team, had resulted in 67,000 information folders being sent by airmail to interested parties.

W. Sprague Heads Children's Society

Children's Society

Walter Sprague was elected chairman of the Kiwanis Children's Aid Society at a meeting Monday night. He succeeds Fred Thorne who held office for the past two years. The election of officers and the setting up of committees took place in the evening following the annual meeting which was held Monday noon, when the board of directors was named.

OTHERS ON THE BOARD are: Sec-Treas., J. Munro; L. Larsen, J. Buchanan; S. Easton; F. Foster; Kienapple; H. Griffiths; E. Hayward; Dr. L. MacKay; F. Thorne; T. Pultor; George Reid; Allan MacDonald; M. Ross; S. McDougall.

In his report to the society, Mr. Thorne told of the fine work the Kiwanians were doing in helping to build strong healthy, happy and happy-minded children in the Kiwanis homes.

MR. THORNE STATED that there are now about 43 children in the homes, and through the work of the society, 195 children have been admitted. He also said he believed that the children had gained much through their stay at the YMCA camp last summer.

The financial report given by Jack Munro showed the society to be in good count.

Farmers Warned On Hay Prices

On Hay Prices

The field crops branch of the provincial department of agriculture has issued a bulletin warning farmers who demand more than selling price for hay. They are reminded in a bulletin issued by the department that "war-time prices and trade board ceiling prices are still in effect."

THE DEPARTMENT bulletin points out that ceiling prices are not "set" prices—there is no restriction on trading at lower prices.

Private producers may not ask more than \$14 a ton baled and loaded on cars for hay other than timothy, or \$17 a ton for alfalfa. Further reduced by the cost of hauling when sold at the farm and not less than \$1 a ton for baling when sold loose.

Suspend Sentence For Buffalo Theft

Suspend Sentence For Buffalo Theft

Sides of buffalo meat hanging in coolers at Elk Island Park after the annual slaughter proved too good a temptation for Paul Varmolov and John Johnson, both of Edmonton, so they loaded two sides into their car, doused its lights, and drove off the park with their booty.

MONDAY THEY APPEARED in court to answer a charge of theft of the two sides of buffalo meat when called to the stand to be charged. They were given six months suspended sentence by Mr. Justice.

A third man in the party informed the court, said that he was one of the two accused in the theft of the carcass. A police officer who called at the home of one of the accused found him cooking a buffalo steak when he called on him. This did not complete the chain of evidence against the two accused, and resulted in their guilty plea.

Church Council Makes Reports At Annual Meet

The Fundamental Baptist church council met last week for the business of the annual meeting. Reports were received from all departments, including the treasurer's and auditor's report which showed a surplus in the treasury after the year's operations. The annual report showed encouraging development in the spiritual life of the church.

REPORTING ON THE Sunday school department, Earle Davison indicated a substantial increase in the Sunday school enrollment. He also made reference to the summer camp which was an outstanding success in that every child was saved before the camp closed. It is intended to arrange for that to be held again this summer.

In the church elections, Guy Hamner and D. Sigworth were re-elected to office for a period of two years as elders. The following were re-elected to the same office: Clerk, T. R. Irwin; treasurer, M. W. Robertson; Sunday school superintendent, Earle Davison; N.Y.S. president, E. E. Wickes; choir representatives, W. A. Andrews, and chairman of ushers, H. Kirby.

MRS. D. SIGWORTH was elected as a supervising matrons for the next year will be Mrs. G. D. Taylor, re-elected; Mrs. M. W. Robertson, re-elected; Mrs. Hamner, re-elected; and Mrs. Robertson, re-elected.

Premier Ernest Manning presided over the meeting and closed it with a fitting exhortation to the members of the church as they go forward into another year of service for the Lord.

Primitive, Modern Transportation Facilities Meet Here

The oldest and newest modes of travelling through the north country are represented in the above photograph showing members of the party accompanying the Whitehorse to Winnipeg dog team on their arrival at the Edmonton airport Monday afternoon. The visitors are spending four days in Edmonton before starting their five-week

overland trip to Winnipeg, a trip between the two capitals that will take less than five hours when TCA this year inaugurates its direct Edmonton-Saskatoon-Winnipeg service. Standing beneath the wing of a TCA Lockheed Lodestar at the airport, are, left to right, Chuck Gaddy, Fred Webber and Mike Clegg, drivers, Basil Daines and Paul Belanger, manager of the visiting group.

Decrease Noted In Disease Cases

A decrease of eight in the number of communicable diseases reported to the city health department was recorded during the week ended Jan. 19, compared to the week previous when 13 cases were reported.

Col. Wotherspoon To Greets Veterans

Ex-soldiers who once served with the South Alberta Regiment, which returned to Calgary at the end of last week, will be met in Edmonton by Lt.-Col. Gordon Wotherspoon, DSO, ED, on Tuesday and Wednesday of this week, according to information received Monday.

Col. Wotherspoon and Mrs. Wotherspoon, who met her husband in Calgary, though their home is in Toronto, will be staying at the Macdonald hotel while in the city and will be feted by officers of the regiment, who now live in the city.

The popular commanding officer was in command of a brigade when the announcement came that his unit was to return to Canada. He was accompanied by his wife and returned to Canada and travelled to Calgary with his former unit.

THE QUESTION: What do you think of the Whitehorse stunt of sending mail from that northern point to Winnipeg by dog-team?

THE ANSWERS

ARTHUR W. HILL, prospector: Well, it's a good advertising stunt, and I suppose it demonstrates what dogs and men can do if they try hard. It won't surprise anyone who knows the north.

J. C. PAULSON, farmer: The huckster has made good time to both men and dogs must be good shape. I notice though that they are followed by a truck.

ERIC HARVEY, grocery clerk: While I don't suppose it will be adopted by the post office as the regular way to carry mail, it is a very nice turn of mind to do and should result in some fancy advertising for the north country.

Dr. Hellstedt To Be Speaker

The Women's Canadian Club of Edmonton will hold an afternoon guest meeting in the auditorium of the Masonic Temple Friday at 3 p.m. The president, Mrs. S. H. McLaughlin, will preside.

Guest speaker will be Dr. Leone McGregor Hellstedt. Her subject will be "Some Social Aspects of Life in Sweden."

DR. HELLSTEDT has combined a brilliant career in medicine and research with the continued job of being the wife of a successful industrialist in Stockholm, Sweden, and the mother of two sons.

She has recently arrived from Sweden to visit for the first time in 15 years. She was the first woman to graduate in medicine from the University of Alberta, and received her Ph.D. from the University of Minnesota, which she attended on a Fellowship in Pathology. She then took post graduate work in pathology at Harvard University and was sent to the university at Hamburg, Germany, on a fellowship from the Rockefeller Foundation. While in Hamburg she met her husband, who was at that time managing a large iron works for a Swedish company.

Tickets for this meeting will be sold at the door. Women's Canadian club members are entitled to bring one guest to this meeting.

Norma Mohs Becomes Bride

Baskets of mixed flowers and fern formed the setting in First Baptist church, Monday at 5:45 p.m. when the wedding of Miss Norma Mildred Mohs, daughter of Mr. and Mrs. F. H. Mohs of Edmonton, and Charles Henry Becken, son of Mr. and Mrs. C. E. Becken of Long Beach, Calif., took place.

The Rev. H. H. Flanagan officiated. Mrs. Barbara Smith played the wedding music and Miss Margaret Edmund was soloist.

Entering the church on the arm of her father, the bride wore a gown fashioned with a white satin bodice and bouffant skirt of net.

The neckline was fashioned in a sweetheart line and the sleeves were long, coming to hip length over the wrist. Her finger-ring veil was held to her head with a white feather headpiece.

She carried a bouquet of red roses and her only jewelry was a pearl necklace.

Mrs. Mohs wore a pale pink sheer gown fashioned with full sleeves. On her head she wore a band of pink flowers and carried a bouquet of deep pink roses. Bridesmaid, Miss Dorothy Edmund, wore a gown of contrasting blue blue sheer with pink hand and carried a bouquet of pale pink carnations.

Cred F. Mohs was best man and ushering the guests to their seats were Vernon Mohs, James Wilson and Gordon Hall, all cousins of the bride.

After the ceremony a reception for 40 guests was held at the Corona hotel, where the bride's mother, receiving with the bride party, wore a two-piece ensemble in a mauve tone with contrasting black accessories and a corsage of white carnations.

The mother of the bridegroom chose a two-piece air force blue frock, with accessories to match and a corsage of white carnations.

THE BRIDE'S table was centred with a three-tiered wedding cake embedded in white tulle. Tall white tapers in silver holders flanked the centerpiece and pink carnations and yellow daisies completed the floral decorations.

Mr. Flanagan proposed the bride toast.

The couple is motoring to Long Beach where they will make their home, and for travelling the bride changed to a salmon pink wrap frock with a brown fur coat.

Mrs. Cloy Jackson left Edmonton during the week end for Montreal, where she will attend the wedding of her daughter, Miss Rose, to Mr. and Mrs. C. F. Becken of Montreal, Quebec, and John Oldaker of St. John's, Nfld., and Mr. H. Oldaker of Vancouver.

City Couple Wed 50 Years

Residents of Edmonton for 50 years, Mr. and Mrs. Robert Turnbull, 10544 81 avenue, celebrate their golden wedding anniversary Tuesday, when they are "at home" to their many friends at their daughter's residence, 11641 Saskatchewan Drive.

THE COUPLE were married in Edmonton in 1896 and immediately prior to their marriage were both residents of South Edmonton. Mr. Turnbull born in Huron County, Ont., came to Edmonton in 1901.

Mrs. Turnbull was born in Sault Ste. Marie, Ont., and came to Edmonton in 1901 with her late husband, the late Mr. and Mrs. Robert McKernan, when they travelled from Winnipeg to Edmonton with cars and on carts.

They have two daughters and two sons. Miss Hazel Turnbull of Vancouver, B.C., Mrs. E. H. Watts of Edmonton, William and Harold Turnbull, both of Edmonton. They also have seven grandchildren.

Both are still active and in good health and on Tuesday are receiving the congratulations of many old and new friends.

Rye Stages Late Rally in Winnipeg

WINNIPEG, Jan. 22.—(CP)—Rye prices on the Winnipeg grain exchange today rallied in late trading to cross early losses. Futures prices for May and July increased the five-cent limit advanced in one day's trading and prices closed four to five cents higher.

At close: May 22 1/2, July 21 1/2 and Oct. 21 1/4-1 1/2.

Local commission houses buying aided by upturns in Chicago added trading on the grain market.

In the export business \$0.000 bushels of rye was disposed of for the United Kingdom.
